

Dear Committee:

As the licensed Guide Outfitter in Concession #4, I would like to express my concern about wolf management and predator problems in the back country to the detriment of the ungulates. I would be happy to be a part of any wolf management plan and would offer my services if needed in any capacity.

I may also be able to contribute on the financial side as I am Vice Chairman of the Wild Sheep Foundation Board and could find monies available to help with the program. We have grant in aid money and other monies that get ear tagged for specific wolf programs available. i.e. trapper incentive programs etc.

I commend the Board for continuing with this program and feel that it is something that should be ongoing and look forward to being part of it.

Thank you.

Alan Young

Could you please forward this to the RRC as I would be happy to work with them?
